# INTRODUCTION FOR THE TEACHER

Tell me and I forget. Teach me and I remember.  
Involve me and I learn.  
“Benjamin Franklin”

Starting with this sentence, we try to make learning English funny and easy. For that reason we are giving you a wide range of suggestions about the play you are going to see. Due to the wide age group of the students for whom the play is, each teacher should choose among the activities we suggest those that fits better to the skills of their students.

In the pack, teachers will find a CD, with all the audio materials included, and a complete dossier of the student activities printed on separate sheets that can be easily photocopied.
